It is rather a pleasant thing to have a young lady, and an attractive young lady at that, invite you to "Follow me to Flowerland," even when she said young lady is only on paper. That is the invitation that is being very generously extended throughout the city at present; and not a few are saying, "Who is she? I'll be glad to go to Flowerland with her."

The banks in Barre report that a large percentage of out-of-town depositors have sent in their books for verification, while depositors living in the city have been slow to present their books. The banks suggest that they will appreciate the prompt presentation of books, so that the work of the closing days of the verification period may be lightened as much as possible.

City square and cross streets that have their intersections in that vicinity were anything but sparsely populated last evening when the Barre Citizens' band gave its first concert of the season. Under the leadership of William Gilbertson, the musicians, some twenty-five in number, rendered a repertoire of popular and national airs that seemed to delight the crowd. The weather was none too warm for out-door music, but the listeners forgot that such a thing as atmosphere existed when the band began to play. From now on until corn-husking time, the band will give a concert every week. The next open air program will be given Wednesday evening.

Eighth and ninth grade students of the Lincoln and Spaulding schools and the student body at Spaulding high school united Thursday afternoon in a Pre-Memorial day observance at the chapel. Rev. John B. Beardon, pastor of the Universalist church, addressed the gathering in an interesting way and touched upon several points that emphasized the patriotic duty of the new generation in its attitude toward the nation and the soldiers who fought her battles. In the forenoon appropriate exercises were carried out by all the graded schools in the city, members of the school commission and veterans of the Civil war addressing the students in several instances.

Notice.
All members of local 481, Carpenters and Joiners of America, are requested to be present at a special meeting Monday evening, June 2, at 7:30 o'clock for the purpose of revising the by-laws. Per order, rec. sec.

Considerable curiosity is being aroused by the invitation to "Follow me to Flowerland" that is just now being met at every turn. Flowerland is supposed to be a delightful place though somewhat mystical in its location; but the invitations are alluring enough to tempt most anyone to make quite a search to find it.
